I'm selfish... been that way since I was a small child. I've heard stories of me getting upset when someone else played with my toys - I'd cry and want them back.

Guess what - I'm not alone, it's human nature. In fact we need to be taught to be considerate to others or to put others needs above our own. Some of us learn it early in life while others never quite get it. Our society likes to play on that inner ego, selfishness and desire to be just a little (or a lot) better than the next guy. Unfortunately, a life of selfish ambition is rarely fulfilling - just read the biographies of our wealthiest celebrities and business tycoons and you will find pain and regret.

By contrast, when you look at people who lived a life of service to others you see that it is by helping others that we feel fulfilled. There's something about putting someone else's needs above my own that brings satisfaction.

Our LIONS motto is 'We Serve' and individually and corporately this club has lived up to that motto in the past. We want to continue to do so and be a positive presence in our community.

That brings us to our September community service project. We are going to do a painting project for the South Central Community Action Program (SCCAP) at the shelter. If you're of able body and at least partially sound mind we'd love to have you help. It's only a half day project so you can still spend your afternoon with normal Saturday chores. Contact Lion Steve Hawbaker, (717)262-2953 to indicate your willingness to serve.

Where would you like to see us go as an organization? I'd love to hear your input. (717)552-3204 or dean@noonlions.com

Lions Club Community Service Project!!

We are going to do a painting project for South Central Community Action Program (SCCAP) in September. They need to have a large HVAC duct painted at their shelter and it will take 4-5 volunteers about ½ day to accomplish this. SCCAP will provide the paint, brushes, rollers, etc. we just need to supply the labor and several step ladders. We want to do the project on a Saturday morning in September, either 9/22 or 9/29 (Penn State is away) probably start around 8:30. Please get back to Lion Steve Hawbaker to sign up and to let him know which date you would prefer. This is a ONE DAY project. Lion John Nogle has already volunteered and he wants company. You can contact Steve at 717-262-2953 or email at shawbaker@acnb.com.

Check Your Club Roster Information...

Please keep your roster information up to date... If your information should need changed please contact Lion Todd Bard at 477-0031 or todd.rms@earthlink.net.

Also, if you're not sure we have your email on file—please simply email Todd at the address above and he will add it to his roster information.

Correspondence

King Lion John & members of the Chambersburg Noon Lions Club,

Thank you for your donation to the district project, the diabetes Bowl-a-thon.

With your help, we will help many individuals in our communities to understand and better cope with diabetes.

Your support of this project is appreciated.

Noontime Lions Donates KidsSight Camera

Lion Dean Martin, president of the Noontime Lions Club and Region IV, Zone B Chairman John Massa.

The KidSight Screening Camera was purchased by the Chambersburg Noontime Lions Club in 2001, as part of Lion District 14-T's KidSight program. Since that time it has been used by many of the Lions Clubs in Region IV to conduct children eye screening events in their communities.

This special Polaroid camera, using a special lens and film, is designed to help identify eye abnormalities in children 2 to 5 years old. It is designed especially for non-verbal children, who would be difficult to communicate with during a regular eye examination. The photos, when interpreted by an eye professional and compared to standards, can give indications of a potential sight problem in a child. This can lead to a referral for a more extensive examination of the child by an eye professional and early intervention to address any problem.

The Board of Directors of the Chambersburg Noontime Lions Club voted to donate the Club's KidSight Camera to Lions District 14-T, to better utilize the use of the camera throughout the entire District.

Photo shows Noontime King Lion, Dean Martin presenting the camera to Region IV Zone B Chairman John Massa, for delivery to District 14-T.

2007-2008 Noontime Lions Membership Drive

Our club membership for the FYE 6/30/08 is starting with 52 members.

In order to better serve our community we would like to invite more current and future influential members of our community to become involved in the greatest service organization in our area—the Chambersburg Noontime Lions Club.

In order to increase our membership, we first need to expose a greater number of people to our organization. We will do that in two ways—first by having a greater presence in our community (service projects, regular newspaper exposure) and second by promoting members inviting other community leaders to our meetings.

- *For the 2007-2008 year we will be giving away \$300 to one Noontime Lions member who has been diligent in the membership drive*
- *For every invitee you have come to a meeting—we will provide one entry into the giveaway. Additionally, for every new member you get to join the club—you will receive two entries.*
- *There is no limit to the number of entries that a Lion member can accumulate.*
- *At our installation meeting—we will draw the winning name.*

Now it is time to organize that 'hot list' of leaders (prospects) that you feel would be a quality addition to our club.
